

# Hoss

The Ally

- ✓✓ Self-balancing: no trunk stability required.
- ✓✓ Joystick control: light and intuitive.
- ✓✓ Independent safety system.
- ✓✓ Seat with adjustable support.

The Hoss balance wheelchair is for anyone who prefers—or needs—less active driving and wants the confidence of a joystick-controlled power wheelchair. You're compact and agile in the lift, manoeuvre precisely in store aisles, and ride outside with ease over slopes and forest paths—ideal for everyday moments like shopping, the school run and walking the dog.
